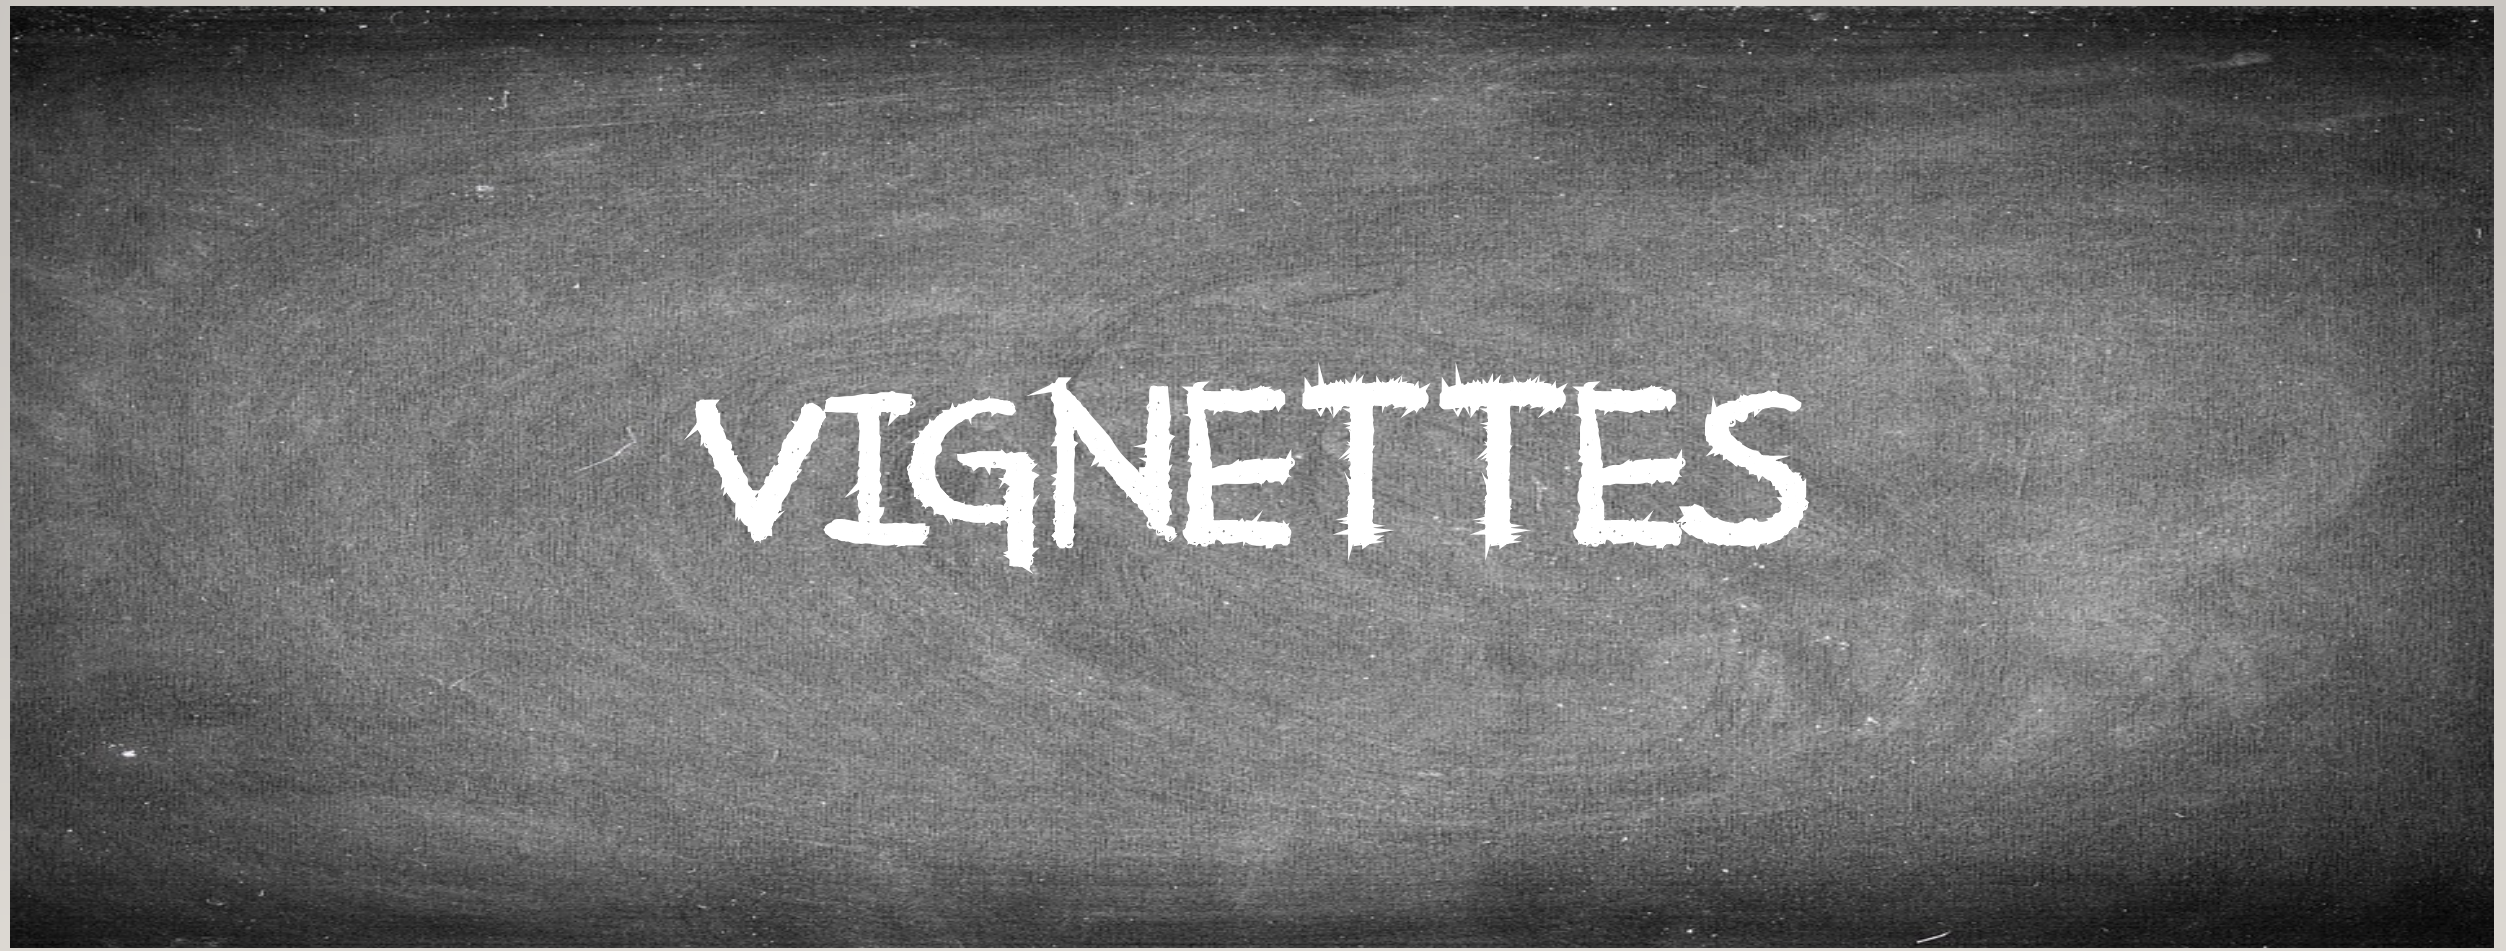
CAPCON "Dioramas & Vignettes" division

The Dioramas & Vignettes division contains different genre-specific categories – aerospace, military vehicles, automotive, etc.

The number of figures included does not define an entry as a diorama or vignette.



VIGNETTES

VIGNETTE

A vignette is comprised of - at minimum - a base and figure that presents a historical or environmental setting. A vehicle may be included as long as it adds to the setting.

DIORAMAS

DIORAMA

Primary focus: the ability to tell a story.

The composition of elements within the diorama must support the telling of the story. The quality of the figures, vehicles, and other elements will also be considered.
